### English
**Writing** – Students will be constructing texts, focusing on imaginative, persuasive and informative writing styles. Ongoing development of writing skills including grammar, punctuation and sentence structure are taught in the context of writing tasks. Students will be involved in planning, drafting, editing and publishing their work.

**Reading** – Modelled, shared and guided reading will continue daily. During these sessions, strategies for spelling, grammar and word knowledge will be covered. Students will continue to use a range of skills and strategies to enhance their fluency and comprehension.

### Mathematics
The following topics will be taught this term:
- **Number** – 2, 3 & 4 digit numbers, fractions and decimals, multiplication and division.
- **Data** – Collect, organise, construct and interpret information.
- **Measurement** – Volume, capacity and time
- **Space and Geometry** – 3D shapes and their properties, lines and angles.
- **Working Mathematically** – These skills are incorporated into all daily tasks.

### Religion
**Easter Season – The Journey to Emmaus.** Students will study how the Risen Jesus brings hope, peace and joy to disciples who are sad, confused and afraid, such as those in the Emmaus story. Students conclude by considering how they can bring the peace of the Risen Christ to others.

**Caring for God’s Wondrous Creation** - Students will understand that by appreciating nature we come to know God and recognise the Divine presence in the wonder and work of creation.

### Science
**Unit: Melting Moments (Weeks 1-5)**
Students will understand the properties of materials and how they change state under different conditions. This will involve numerous hands-on investigations.

**Unit: Feather, Fur, Leaves (Weeks 6-10)**
Students will explore the features of living things and ways they can be grouped together. They will describe that living things have life cycles and that they can be distinguished from non-living things.

### Creative Arts
**Music:** Specialist teacher Mrs Karen Cauchi.
**Drama:** Integrated with other KLA’s
**Visual Arts:** Specialist teacher Mrs Narelle Boatfield. Integrated with the unit on Australia.

### PD/H/PE
**Physical Education:** The students will attend specialist sport lessons on Wednesday with Miss Monica Dann and have grade sport on Fridays with the teachers. They will learn a variety of skills, strategies and games focusing on co-operation and team sports.

**Health and Personal Development:** **Social Skills:** How and when to interrupt appropriately, making friends, joining in and taking turns. The students will also complete the unit ‘Happy, Healthy and Safe.’
